OUR OWN ORIGINATIONS

LACTIFLORA

BLACK VELVET

Darkest red, velvet finish, full double, medium large blooms and medium height. New color-NO BLUE. Limited number of divisions at twenty dollars net.

BREAK O' DAY 3.50

Japanese type. Color changes from a deep red to a vivid pink. Long Staminoids.

CHIPPEWA 2.50

A semi-double dark red of most outstanding color; good size, tall and a fine grower. Very floriferous. DOES NOT BURN IN THE SUN.

DEANNA 10.00

White Jap-seedling of Lotus Queen. Superb foliage, excellent plant habits. This variety will prolong the blooming of the Japanese varieties since it is the last of this type to bloom.

DIGNITY 6.00

A huge cup-shaped Japanese type, dark red with long prominent yellow staminoids. Very good substance. Frequent prize winner.

DOROTHEA 2.00

A very bright, vibrant light red semi-double. Excellent for an accent in the garden.

DR. F. C. BECKER 3.00

Light red, full double that eventually fades to a deep pink. Rose type form, good plant; stock still scarce.

ETHEL MARS 4.00

Huge white double. Excellent plant habits. Bloom always held erect.

GEORGE S. MORRIL 3.00

Nicely formed dark red double that has much blue. Scarce.

HELEN HAYES 3.50

Late deep pink double, bomb type. Tall grower with excellent plant habits. No stamens; color holds well.

KATE SMITH 10.00

Deep fiery pink with a delicate orange suffusion — a decided color break. Color carries well in the garden. Fine plant habits, mildly fragrant.

- LOTUS QUEEN** 3.00
 Large cup-shaped white Japanese type, that has a light greenish suffusion. Nature's duplication of a lotus flower in a peony, has the lotus fragrance too. Many times winner in its class in exhibitions.
- MIDNIGHT SUN** 7.50
 A very dark red, Japanese type very neat and trim in form. Petaloids red edged with gold. Carpels cream.
- MILDRED MAY** 2.50
 Medium size semi-double, white, blooms in sprays. Side buds carried on extra long stems buds develop into camelia-shaped flowers. Extra fine for arrangements or decorative purposes.
- MOONSTONE** 5.00
 A translucent blush pink double of great refinement and charm. The rose form of this flower is exquisite, the plant habits perfect. Often a prize winner or popularity queen in exhibitions. Awarded a Gold Medal by the American Peony Society for its outstanding merit in 1959.
- RENATO** 1.00
 A very much improved Felix Crousse with about identical habits.
- WALTER E. WIPSON** 15.00 Net
 Cross LeCygne x Frances Willard. Very large rose type, white with a creamy-blush center. Foliage large and heavy, stalks very strong, medium height, late. Sensational! Wonderful garden and exhibition variety, fine substance. We have about a dozen divisions that we can sell at the advertised price.

OUR 1960 INTRODUCTIONS

- HAWAII** 15.00 Net
 A gay, vibrant exotic appearing Jap. A color of rose predominates but it has many other colors as well. Staminoids cream white, long and are quite a contrast to the color of the petals. Blooms early to mid season, medium height.
- EDWIN C. BILLS** 20.00 Net
 A very large American Beauty, shade of red. Full double, no stamens. Petals large, blooms mid season. Stalks strong and of medium height. Excellent exhibition and garden variety. Parentage, Rosalie X Beth Ann. Fade resistant.

LEIBCHEN (SWEETHEART)10.00 Net

Large vivid pink single. No petal notches. Very dark green foliage, strong stems, medium height and blooms in mid season. We think that it is one of the elite amongst single peony flowers.
